

HOUSE TIED UP BY DEADLOCK

Powers Agree on Ratios for Submarines

U. S., JAPAN AND BRITAIN PLAN TO LIMIT DIVERS

May Fix 2,000 Tons as Maximum.

BY HENRY WALES.
(Chicago Tribune Press Service.)
GENEVA, June 24.—Important progress has been made by the naval disarmament conference, the Tribune learned authoritatively today.

First, Great Britain and the United States have agreed to limit the number of submarines to 20,000 tons displacement. The number of submarines of all sizes is to be limited in accordance with a proportionate ratio.

Second, the three powers are in accord in principle regarding the maximum size of submarines. The actual size of the largest submarine is not yet settled, but the Tribune is informed it will be around 2,000 tons. Although this is 400 tons larger than Great Britain proposed, it means a sacrifice on the part of the United States, as Washington wished to retain the existing submarines capable of accompanying the fleet on long cruises. These would have to run as high as 3,000 tons.

Third, America has gained a technical victory through avoiding any submarine, which would deal with the reduction of the size of capital ships as Great Britain proposed. W. C. Bridgman, chief British delegate, and the United States delegation, met this morning and decided on the creation of three groups of experts to examine and dovetail the three plans; the separate groups will concentrate on cruisers, destroyers and submarines, respectively.

Fourth, the United States delegation, led by Mr. Gibson, chief of the United States delegation, today stated that the United States position on cruisers is as follows:

"We are not willing to limit the size of cruisers to six inches, but insist on the Washington conference, establishing eight inch guns on 10,000 ton cruisers. We might accept destroyers' guns to five inches," Mr. Gibson said.

"No politicians will make any change in the plan the United States submitted here. It was drafted by the navy and state department experts at Washington."

Mr. Jones added:

"The figures were prepared by the naval board of the navy department and there was no intrusion by politicians."

Willing to Cut Tonnage.

Regarding Great Britain's demand for reduction in the size of battleships and cruisers "for the sake of the cruiser," Mr. Gibson said:

"We will go to as low a tonnage as the other power."

Mr. Bridgman, in behalf of Great Britain, said:

"The experts have cleaned up many questions which at first seemed very serious. Great Britain is not prepared to claim superiority on high seas, but is determined to demand a navy big enough for our requirements for defense. We do not ask distinct superiority, but we want to avoid coming behind. We cannot go home without discussing the size of capital ships and stating our position there."

Mr. Jones said:

"The United States has obtained an excellent outline of the United States' naval requirements. Some time ago Secretary of the Navy directed the general board of the navy to formulate a naval policy, and the recommendations, and the United States understands a majority of the board endorsed the proposals. The United States fleet, all of the high-seas warships, all of the high-

WOOD PROMISES HE WILL STAY ON PHILIPPINES JOB

President Anxious He Keep Post.

BY PHILIP KINSLEY.
(Chicago Tribune Press Service.)
(Picture on back page.)

Rapid City, S. D., June 24.—(Special.)—President Coolidge expects that Maj. Gen. Leonard Wood, who has his overland trip at the summer White House, will be able to resume his duties as governor general of the Philippines in September.

Gen. Wood, who received newspaper correspondents at the lodge this afternoon, at the President's suggestion, said he had no intention of quitting as long as the President wanted him on the job.

Gen. Wood is badly battered up from operations, an automobile wreck and an accident on shipboard, which cracked three ribs, but he has all his old indomitable fighting spirit.

"I feel like a freight car that has been in a smashup," he said. "But my general physical condition is excellent. It hurts to breathe because of the ribs, but I will carry on and finish my job. I expect to go to Chicago, Washington and then New York, and am anxious to get back to Manila before the legislature meets."

Gen. Wood spoke several times of the fine support given him by the President, and said that the President's statement upholding his veto of a Filipino plebiscite on independence was the best analysis of that situation he had ever seen, had been broadcast in the islands by radio and had had a good effect there.

Opposes Independence Now.

The general discussed island conditions, and said that America should hold on indefinitely; that to give the Philippines independence would be like sending a boy up in an airplane—there would be a crash.

"The islands have progressed wonderfully under 25 years of American leadership," he said. "The condition of the treasury is good. They are the happiest people in the world. Crime is low, health is good. There is no hunger. The masses appreciate all we have been doing for them. The leaders talk a lot of hot air and the people in general, want independence but they are not prepared to assume it."

"The islands are rich beyond imagination. If we did not put the padlock on they would be badly exploited. The boys do not like to be left out of the loot. The independence talk has kept outside capital from coming in as it should. The Philippines are the outpost of western civilization and of Christianity. They are important to hold."

Keen on Education.

"The people are keen on education, which is the most hopeful sign. We need more American teachers over there. At present in every village we will find English spoken about five times as much as Spanish is spoken, and these under thirty years."

"Minor modifications of the organic acts governing the islands will be asked in the next congress. At present, we are collecting as a duty on imports about \$300,000 a year and turning it back to the Philippine government. This is American money, collected here, and we need about \$500,000 a year of it for expert American help. We need agricultural experts and American schools for American residents there."

"Under the new methods of treatment in the Cullin leper colony, 1,000 lepers have been cured and set free. We are going to get rid of leprosy. There are 5,000 lepers there now and medical men from all the world are studying our methods."

Could Supply U. S. with Rubber.

"If we can stop this scourge it will be worth the cost of the Philippine war, just as the control of yellow fever was worth the cost of the Cuban war. The Philippine government is now giving \$400,000 a year to this work and I am trying to raise a fund of \$2,000,000 in this country to complete it."

"We can grow all the rubber needed in the United States if the rubber land is utilized. I think we can get reasonable legislation to grant longer leases and greater acreage. But I think it can be done without very long leases."

The Chinese situation seems to be the danger of turning another nation loose in the Pacific area, Gen. Wood declared. He said the time had come for the prohibition bureau to police the whole United States.

HUNTED ON BIGAMY CHARGE.
Police are searching for Lester E. Goodheart, 35 years old, who is charged with bigamy by Louis Deppe, 6804 South Carpenter street. Deppe says his daughter and Goodheart recently eloped and were married. The father charges that Goodheart already has a wife and three children in Bloomington Park, Ill.

former officials was the result of the unswerving of Ritter and Robert Lewis, friend of his, to blackmail the defendants. They showed on cross-examination of both Ritter and Lewis that city hall jobs at \$160 a month in the city license bureau have been given to them.

the list, but no special plans have been made for such meetings outside the Ardmore picnic on July 16, which the President will attend.

Enjoys Fly Fishing.

The President has improved in health since he came here, and finds

The surface lines' employees appear to be smarting particularly under the lure of the company to provide them life, disability, and health insurance similar to the benefits granted elevated men by the Chicago Rapid Transit company last year.

Company officials have so far remained from commenting directly on this clause in the union's demands.

Renewed hope has been given by the return of Nungesser and Cole, the lost flyers, may be alive by a report that the Indians are bringing two who have come south from the Peribonka river. The district badly in need of medical aid. The Peribonka district is where the worst flares have been reported for several weeks. The crosses show where the flares were seen from two miles away on Thursday night.

Mrs. Walter A. Deasey of 7750 Chapel avenue walked from the dining room into the living room of her home yesterday afternoon and found a man looking it over.

"Excuse me," the man, "I'm in the wrong apartment."

Then he ran past Mrs. Deasey and down the stairs. Mrs. Deasey pursued. In an arway next to the house she caught up and seized the man, and her screams attracted workmen across the street who overpowered him.

He told the police he is Walter Carlson, 28, of Denver, Colo. He had entered the Deasey home by picking a lock with a shoe brush, a hairbrush and continuing to insist that he was in the wrong apartment.

The executive of the Ontario Municipal Electric union, the parent organization of the Ontario Hydro, passed formal resolution last week calling upon the Canadian government to proceed with the United Nations in the development of the St. Lawrence for power and navigation purposes. The hydro converts states themselves will formally vote the resolution Saturday morning, and without discussion, immediately reaffirms their attitude was declared.

FATHER FINDS MISSING SON DEAD IN CHICAGO

Youth Left Home After Love Affair.

BY GENEVIEVE FORBES HERRICK.

Four years ago last month Rollo Kennedy left his father's farm at Hastings, Neb. His girl had decided to marry the son of the man who had never a trace did they find of their son.

His parents, James and Anna Kennedy, made desperate efforts to find him. The radio broadcast his description; the newspapers carried a story; the parents wired to the war department at Washington to see if he had applied for his wartime bonus. And never a trace did they find of their son.

Until yesterday afternoon, when Mr. Kennedy found his boy on a slab in the Central Undertaking rooms, 422 South Clark street.

"Yes, that's Rollo, all right," the old farmer whispered to Louis Cohn, the owner of the morgue and the man who made the original identification.

Know Where He Is Now. Then, straightening up as much as he could, for he's grown stooped in his 73 years, Mr. Kennedy thought it out over the funeral cot. At last he seemed to have made up his mind.

"Well, it's a big stone that's been lifted off my heart. It's terrible, but at least now mother and I will know where he is. We haven't, not for one night in the last four years. Yes, we know where he is, and that's something, as I'll try to tell mother."

But in a moment he had bent his head again, as if he weren't quite sure he could stick to his philosophy.

War Hero After War. The story, as the two halves of it were patched together in the undertaking rooms, is this:

Young Kennedy, with a creditable over-seas record, came home from the world war, a hero in Hastings, Neb. He took his place on his father's 700 acre farm. He fell in love. The elder Mr. Kennedy won't reveal the girl's name. For a while everything went well. Then competition. Presently the girl chose the other man.

"My boy came home that evening," the father recalled, "and he said he was going to leave it all, didn't want any share of the farm, never wanted to see it again. And he went away."

Clubs, newspapers, radio, telegraph wires, just about everything was set in motion to trace Rollo Kennedy. But he dropped out of existence, so far as the folks in Nebraska knew.

Other Half of the Story. And now the other half of the story. The eleventh of this month a young man, 27 years old, boarding at 1505 West Madison street, came home early from work. He was employed in the opera chair department of the Heywood-Wakefield furniture factory, 2653 Arthington street, and he was known, both at the factory and at his lodgings, as Rollo Kennedy. He was ill and his chest pained. The next day he was taken to the county hospital, where his sickness was diagnosed as tumor on the lung. He gave the name Rollo Kennedy and his birthplace "somewhere in Nebraska." His parents, he insisted, were dead.

Several days later, a social service worker, herself from Nebraska, tried to talk to him about his home, but he wouldn't say anything.

He died the 19th of June. Louis Cohn, owner of the Central Undertaking parlors, anxious to save the body from the potter's field or a clinic, went to Kennedy's room. He found nothing personal except his army discharge papers. Cohn wired the police at Hastings, they notified Mr. Kennedy, and the father arrived in Chicago yesterday noon.

"Yes, that's Rollo, all right. You couldn't save his life, but you made life a lot easier for mother and me," he said a few hours later as he thanked Mr. Cohn and started back to Hastings with the body.

FREE WOMEN IN DISORDERLY CASE. Mrs. Helen Ragland, 23 years old, 5212 South Cornell avenue, was discharged yesterday when arraigned on charges of disorderly and disorderly conduct brought by Mrs. Elsie Freer, 1004 East 55th street, who held Mrs. Ragland's three year old son, Bobbie Ragland, for money owed her for the child's support.

CITY AND PARK BEACHES OFFICIALLY OPENED

Girl companions forcing Alta Smith, who found the water at the Oak street beach too cold for her liking, to take a dip regardless of the temperature. (TRIBUNE Photo.)

MILK FED WORMS WILL LURE TROUT TO COOLIDGE'S HOOK

Rapid City, S. D., June 24.—(AP)—President Coolidge was presented today with a box of very large milk fed worms by the Omaha chapter of the Izak Walton league, whose spokesmen recommended their use in the trout streams of the Black hills.

The worms, presented by George F. Fisher, correspondent of the Omaha World-Herald, where from six to 14 inches long and had been fed on corn meal and milk for three months.

Mr. Coolidge accepted them laughingly and promised to use them to advantage at an early date.

CAMPUS MEANS PLACE TO CAMP FOR THIS TOURIST

In the "ask me another" lexicon of John Burkhardt the word campus means a place to camp.

Thursday evening Burkhardt, who is a tourist from Toronto, was halted at Dearpath avenue and Sheridan road, Lake Forest. He and his wife pitched a tent and went to sleep, with three little Burkhardts besides them.

Yesterday morning Mrs. Burkhardt opened the folding tent they had with them and gave one of the youngsters a public bath.

Foresters were shocked. They called Chief of Police Lester Tiffany and he went to the scene. Who, he asked, had given the Burkhardts permission to camp there.

"Read the sign," was the snappy comeback of Burkhardt. He pointed it out. It read: "Campus, Lake Forest university, dedicated 1857."

3 AUTOMOBILE MEN ARE HELD TO GRAND JURY

Bert Smith, proprietor of the National Auto Sales company, 2362 Milwaukee avenue, and Edward Parks, 2531 North Ridgeway avenue, a salesman for the concern, were held to the grand jury yesterday on charges of having fifteen stolen automobiles in their place. Smith's bonds were fixed at \$15,000 and Parks' at \$22,500 by Judge William Fetzner. Lieut. John Farrell, head of the police auto detail, appeared against the pair.

Frederick Foshacht, 35 years old, 4628 North Lincoln avenue, owner of a garage at 1962 Lawrence avenue, was held to the grand jury in bonds of \$110,000 on eleven charges of receiving stolen automobiles. Sergt. Fred Hinkens and Thomas Durkin of the automobile detail arrested Foshacht after they checked up on the machines in his garage and found, they said, that the motor numbers and serial numbers had been jimmied and changed.

MORON IS SHOT BY POLICEMAN WHEN HE FLEES

(Picture on back page.)

Policewoman Catherine Casey of the south park force, an expert revolver shot, yesterday had occasion to display her skill when she shot an alleged moron in the back after he had fled at her attempt to arrest him. Harry Zuckert, 43 years old, 3549 Montrose avenue, the victim, was taken to the Bridewell hospital, where it was said his condition was not serious.

Zuckert was standing in McKinley park, 39th street and Western avenue, annoying women passers-by, it was charged, when Policewoman Casey noticed him. She approached him and Zuckert, according to her story, attempted to seize her. She informed him that she was a policewoman and that he was under arrest.

Zuckert turned and ran and the policewoman, after calling on him to halt, drew her weapon and shot him. She was praised for the act by Capt. T. J. Howard of the south park police, who said she had done notable work last summer in ridding Washington park of morons.

Motorcycle Policeman Is Added to President's Guard

Rapid City, S. D., June 24.—(AP)—A deputy sheriff and a motorcycle policeman have been added to the military guard at the summer White House in an attempt to preserve some privacy for President and Mrs. Coolidge.

Soldiers, with loaded guns, keep the roadway past the game lodge porch private to all except those of the President's immediate party. Tourists are permitted to drive past the regular road, 100 yards from the lodge, but picture snapping is under the ban.

Federal Court Refuses to Stop Divorce Action

A federal court may not interfere in domestic litigation in a state court. Federal Judge James H. Wilkerson ruled yesterday in denying the petition of John W. Purdon, insurance man of London, Ont., to restrain Circuit Judge Ira Ryner from signing a divorce decree in favor of Mrs. Marguerite Belton Purdon, 4069 Kenmore avenue, daughter of a wealthy Canadian lumberman.

Purdon contended that a British citizen could not be divorced in the United States. Judge Ryner will sign the decree this morning.

Hunt Uniformed Man as Kidnap of Elgin Girl

Detective bureau squads were assigned last night to a search for a man dressed in a soldier's uniform and driving an old automobile, who is alleged to have kidnaped a 5 year old girl in front of her home in Elgin.

The police there said that the girl, Jane Catherine Edwards, had been pulled into the car by the stranger, who then drove toward Chicago.

WEAR A SMILE AT LEAST, PUBLIC BATHERS ASKED

Censors to Turn Backs as Beaches Open.

Wear a smile at the municipal beaches this season and you can wear about anything you please in the way of a bathing suit—one or two pieces, short or low necked, with or without a skirt.

On the eve of the official opening of the beaches today M. L. Hunt, assistant director in charge, spiked the rumors of a bathing suit censorship this year with an announcement that the sole rule will be: "Let your conscience be your guide." If the girls wear many inches above the knee, he said, it's their own affair.

"The one thing we will not stand for is rowdiness," Mr. Hunt warned. "Everybody can pick his own suit and have a good time, but he must not annoy others. Beach directors are instructed to use rough treatment on smart alecks and beach mashers."

Beaches to Be Opened. The beaches to be opened this morning, their locations and capacities are as follows:

North side—Rogers Park, Touhy avenue, 10,000; Clarendon, Sunnyside avenue, 100,000; eighteen street ends between Wilson and Touhy avenues, 50,000. South side—Rainbow, 74th street, 50,000; Rocky Ledge, 79th street, 10,000.

Beaches under South and Lincoln park supervision are also opening this week-end. Like the city beaches, they have been provided with life guards for several weeks.

Eighty guards, most of them college men, will patrol the city beaches, working in two shifts. Their salaries are \$125 a month.

Praises Guard System. "Our life-guard system is one of the best in the country," Mr. Hunt said. "Each man must pass rigid tests and really be able to save lives. We have not had a drowning for four seasons."

The beaches will open at 10 a. m. and close at 10 p. m. Except at the street ends a locker and towel may be procured for a charge of ten cents. There will also be facilities for renting bathing suits.

The predicted warm weather is expected to bring large crowds to the beaches. They will remain open till Labor day.

Hunt Uniformed Man as Kidnap of Elgin Girl

Detective bureau squads were assigned last night to a search for a man dressed in a soldier's uniform and driving an old automobile, who is alleged to have kidnaped a 5 year old girl in front of her home in Elgin.

The police there said that the girl, Jane Catherine Edwards, had been pulled into the car by the stranger, who then drove toward Chicago.

CLEVELAND SEEKS BOARD OF TRADE IF CHICAGO LOSES IT

Cleveland, O., June 24.—(AP)—If the Chicago Board of Trade carries out its threat to leave Chicago because of discouraging legislation in Illinois, an attempt will be made to induce it to come to Cleveland, City Manager William R. Hopkins said tonight.

"I doubt very much if Chicagoans would allow the Board of Trade to get away from them," said Mr. Hopkins, "but if there is the slightest possibility that they might be induced to come to Cleveland, the opportunity should not be overlooked."

The names apparently were started by crossed wires in the society. A choir of fifty was practicing in the church at the time the flames started. All the members walked out in safety. According to Magr. W. D. O'Brien, pastor of the church, workmen only yesterday completed repairs and decorations for the fiftieth anniversary celebration next Sunday.

Traffic on the Illinois Central suburban lines was delayed for nearly an hour last night when fire destroyed the station at 72d street and Kimbark avenue. The long platform was burned, with a loss of \$3,000. Trolley wires fell during the blaze.

Agnes Ayres, Film Star, Wins Divorce on Desertion Plea

Los Angeles, Cal., June 24.—(AP)—Agnes Ayres, motion picture actress, was granted divorce today in Superior court from S. Manuel Reachi, whom she charged with desertion.

Van Meter said he shot the store-keeper with a .22 caliber single shot target pistol. He fired, he said, when Paul was filling his car with gasoline, then took \$12 from the cash register, loaded the body into his car and drove to the canal.

Western Head of Bradstreet Is Sued by Wife

John James Thornton, western manager of the Bradstreet company, was sued for divorce in a bill filed in the Superior court yesterday by Mrs. Hazel Hurd Thornton of 2401 Pioneer road, Evanston. The charge is cruelty. She lists his income at \$25,000 for the purpose of determining alimony.

The bill, drawn by the law firm of Newby & Murphy, sets up that Mr. Thornton jerked his wife out of bed and tore her gown on April 22, 1924. Last April 14 he struck her at the breakfast table and ten days later hit her again, knocking her down, it is charged.

Mr. Thornton, who is a Rotarian, a Kappa Sigma, and a member of the Chicago Association of Commerce, was married June 6, 1918. There are two children.

Observers Find Comet Hard to See, but Catch Glimpse

Unfavorable atmospheric conditions last night made observation of the Pons-Winnecke comet, which is only a matter of a few million miles from the earth, difficult in Chicago. Observers caught a few glimpses of it in the vicinity of the first magnitude star Altair, in the eastern heavens. Its characteristic feature, according to astronomers, is its tremendous speed, estimated at a million miles a day. The comet may be visible for several days though it will grow more dim.

CHURCH REPAIRED FOR JUBILEE FETE DAMAGED BY FIRE

Damage estimated at \$5,000, was caused by fire last night in St. John's Roman Catholic church at 18th and Clark streets.

The flames apparently were started by crossed wires in the sacristy. A choir of fifty was practicing in the church at the time the flames started. All the members walked out in safety. According to Magr. W. D. O'Brien, pastor of the church, workmen only yesterday completed repairs and decorations for the fiftieth anniversary celebration next Sunday.

Traffic on the Illinois Central suburban lines was delayed for nearly an hour last night when fire destroyed the station at 72d street and Kimbark avenue. The long platform was burned, with a loss of \$3,000. Trolley wires fell during the blaze.

Agnes Ayres, Film Star, Wins Divorce on Desertion Plea

Los Angeles, Cal., June 24.—(AP)—Agnes Ayres, motion picture actress, was granted divorce today in Superior court from S. Manuel Reachi, whom she charged with desertion.

Van Meter said he shot the store-keeper with a .22 caliber single shot target pistol. He fired, he said, when Paul was filling his car with gasoline, then took \$12 from the cash register, loaded the body into his car and drove to the canal.

Western Head of Bradstreet Is Sued by Wife

John James Thornton, western manager of the Bradstreet company, was sued for divorce in a bill filed in the Superior court yesterday by Mrs. Hazel Hurd Thornton of 2401 Pioneer road, Evanston. The charge is cruelty. She lists his income at \$25,000 for the purpose of determining alimony.

The bill, drawn by the law firm of Newby & Murphy, sets up that Mr. Thornton jerked his wife out of bed and tore her gown on April 22, 1924. Last April 14 he struck her at the breakfast table and ten days later hit her again, knocking her down, it is charged.

Mr. Thornton, who is a Rotarian, a Kappa Sigma, and a member of the Chicago Association of Commerce, was married June 6, 1918. There are two children.

Observers Find Comet Hard to See, but Catch Glimpse

Unfavorable atmospheric conditions last night made observation of the Pons-Winnecke comet, which is only a matter of a few million miles from the earth, difficult in Chicago. Observers caught a few glimpses of it in the vicinity of the first magnitude star Altair, in the eastern heavens. Its characteristic feature, according to astronomers, is its tremendous speed, estimated at a million miles a day. The comet may be visible for several days though it will grow more dim.

CHARGE BOY WITH SLAYING; BODY IS FOUND IN CANAL

Formal charges of murder were placed yesterday against Curtis Van Meter, 19 year old farm hand, who confessed to State's Attorney Hjalmar Rahn of Will county that he shot and killed William Paul, a merchant of Troy, Ill., Wednesday night and threw his body into the Illinois-Michigan canal.

Van Meter was arrested because he had been the last person seen with the slain merchant. He confessed almost at once, according to the prosecutor, saying he killed Paul to get the money to pay an overdue installment on a second hand automobile, so that the car would not be taken away from him. The murder charge was filed against him after Paul's body had been recovered by the state's attorney and deputies whom Van Meter led to the spot where he had tossed it into the muddy canal.

Van Meter said he shot the store-keeper with a .22 caliber single shot target pistol. He fired, he said, when Paul was filling his car with gasoline, then took \$12 from the cash register, loaded the body into his car and drove to the canal.

GIRL GRADUATE SERIOUSLY HURT IN AUTO CRASH

Two Deaths Raise Toll for Year to 437.

A young woman who had just received her diploma from the Chicago Normal college was seriously injured yesterday when the automobile in which she was returning from the commencement exercises collided with another at Woodlawn avenue and 52d street. Two other girl graduates, their mother, and a sister and brother, riding in the same car, were also hurt.

Miss Genevieve Hayes, 22 years old, 1226 Albion street, was the graduate most seriously injured. She suffered a fractured skull. Mrs. Margaret Mahoney, 43, of 1715 Wallen avenue, suffered a sprained back. Two of her daughters, Celestine, 19, who also had just received a diploma, and Ellen, 17, who had been graduated from high school in the morning, were cut and bruised, as were her two other children, Peggy, 14, and John, 12.

Two Drivers Are Unhurt.

Spencer Solheim, 27, of 2515 Ashland avenue, Evanston, driver of the commencement party, and Gail Stewart, a colored chauffeur for Attorney Milton J. Lamfrom, who was driving the other car, escaped injury.

Frank Genevieve, 27 years old, of Whiting, Ind., was killed in a collision of two automobiles at 147th street and Torrence avenue, Calumet City. Wayne Gideelman, also of Whiting, suffered three fractured ribs.

Thomas Tomaszewski, 77, of 8387 Burley avenue, died of injuries received when he was struck by a hit and run driver in front of his home Thursday. Police traced the license number of the car to Indiana Harbor, where arrests were expected.

Toll Is Raised to 437.

The two deaths raised the automobile toll in Cook county to 437 since Jan. 1.

Julia Morgan, 7 year old daughter

JAPAN MAY ASK U. S. TO SIGN TREATY FOR PERPETUAL PEACE

GENEVA, Switzerland, June 24.—(U.P.)—The possibility that the American government and people may soon have to decide whether they wish to negotiate a perpetual peace pact with Japan is now looming as an outgrowth of the Tripartite naval conference at Geneva.

The Japanese delegates to the conference deny they have made any overtures on this subject and Hugh S. Gibson, head of the American delegation, has made a similar denial. However, the impression nevertheless prevails in authoritative circles that Admiral Viscount Saito, head of the Japanese delegation and a close counselor of the emperor, may suggest some sort of treaty outlawing war between Japan and the United States to supplement the four power Pacific pact which was created at the Washington conference as a substitute for the Anglo-Japanese alliance.

It is believed that before making any overtures officially, the Japanese would want to receive some assurance that the offer would have a reasonable chance of meeting favorable consideration. In this connection it is not unlikely that the conclusion of such a pact, perhaps along the lines of the suggested Franco-American treaty, might influence Japan's attitude in her demand for a higher percentage in auxiliary warships than the 5-5-3 ratio established at Washington for capital ships.

Edward J. Morgan, a mechanical engineer, was run down in front of her home, 417 South Lombard avenue, Oak Park, by an automobile driven by J. J. Donahue, 427 South Taylor street, Oak Park. She received internal injuries and three fractured ribs.

John Browneau, a farmer of Manteno, Ill., was killed when his truck was struck by a Chicago and Eastern Illinois railroad train in Grant Park, Ill.

YOUTH HELD AS BURLAR.

Fred Luckie, 17 years old, of 1714 West 14th place, was held to the grand jury yesterday in bonds of \$5,000. He is charged with attempting to enter the home of Mrs. William Toman, 7550 Grigsby avenue.

CHINESE VISION SELVES AS NAVY BOSSES IN EAST

Nationalists Plan Big Fleet to Guard Coast.

BY ROBERT PICKENS.
(Chicago Tribune Press Service.)
SHANGHAI, June 24.—Admiral Chin Shokwan, commander of the Chinese nationalist coastal fleet, who attended the Suchow conference between Gen. Feng Yu-hsiang and Gen. Chiang Kai-shek, told this Tribune correspondent the nationalists are planning the construction of a new navy. They will utilize a portion of the customs funds for that purpose, as soon as customs autonomy has been obtained.

"Since China has become a republic our navy has been neglected and has not kept up with the development of the Chinese army," Admiral Chin said. "China possesses the potentialities to become a strong naval power. The first type of craft we plan to develop is the light coast defense cruiser for the purpose of preventing troop landings on our coast."

"The powers must remember that China is the leading nation bordering on the Pacific and we intend to take a future active part in the defense of our sphere."

1,150 Marines Sail for Tientsin.

SHANGHAI, China, June 24.—(U.P.)—The United States transport Chalmers, carrying 1,150 marines, sailed this afternoon for Tientsin, Chihli province.

On his arrival from Peking yesterday, Brig. Gen. Smedley D. Butler, in command of the American marines in China, said foreign forces at Peking and Tientsin expected that the nationalists in their drive on the two cities would arrive sometime between July 1 and 15. The foreign authorities are making preparations to meet any anti-foreign outbreaks.

THREE POWERS AGREE ON RATIO FOR SUBMARINES

May Limit Divers to About 2,000 Tons.

(Continued from first page.)

est state of efficiency, necessitating an increase in the elevation of the guns in certain cases, and a change from coal to oil burning boilers, as well as better torpedo and bomb protection.

2. Sixty modern light cruisers, with the construction of fifty new ones at a rate of ten yearly.

3. Two hundred and seventy destroyers, which America now possesses. Since all are practically of the same age and will become obsolete simultaneously, a replacement program will immediately be initiated.

4. Fifteen destroyer leaders, which the United States does not possess now.

5. One hundred and ten modern submarines, including forty-five new submarines, all capable of operating with the fleet.

6. Five first line airplane carriers, thus requiring three new ones.

7. Sufficient auxiliary vessels to insure the operation of a combatant fleet.

The navy department finds the American sixteen inch guns inferior in fire effect to the British fifteen inchers and insists that many American ships need greater gun elevation, thicker deck armor for protection against air bombs, and high trajectory projectiles. Since the Washington treaty the tonnage of war vessels laid down or appropriated for is: Japan, 101 ships, 339,201 tons; Great Britain, 37 ships, 235,730 tons; United States, sixteen ships, 129,809 tons.

Franco-German Trade Pact About to Expire

BERLIN, June 24.—(U.P.)—The provisional commercial agreement between France and Germany expires next Thursday. There is no prospect of renewal. It is emphasized here, however, that the lapsing of the agreement will not imply a Franco-German trade war. The existing Franco-German steel combine will not be affected.

Disarm Delegates Dance as Guests of Yankee Pianists

BY HENRY WALES.
(Chicago Tribune Press Service.)
GENEVA, June 24.—One of the most brilliant affairs of the season at Geneva took place tonight. Mr. and Mrs. Ernest Schelling of New York and Geneva, well known in international music circles received members of the three power naval conference at their Villa Caligny. Mr. Schelling is an American pianist and composer and Ignace Jan Paderewski's only pupil. Mrs. Schelling was Miss Draper of Boston.

The villa is set among gigantic firs, with a vista down a grassy slope to a blue lake and red roofed French villages, and beyond them the Alps. The terrace was outlined with rows of gay lanterns of all colors and round red lanterns hung like mammoth cherries from the prim topped trees.

There was dancing in the great music room. It contains ancient instruments as well as weapons and armor that would grace a museum.

In the main dining room a buffet luncheon was served, as well as nearly fifty-seven varieties of champagne, wines, and liquors from all countries.

There were 125 guests, including Ambassador Hugh Gibson, first American delegate to the naval conference; Rear Admiral and Mrs. Hilary Jones, Mr. and Mrs. Hugh Wilson, Rear Admirals Andrew Long and Frank H. Schofield, Capt. Joseph M. Reeves, Capt. and Mrs. Arthur J. Hepburn, Miss Lowndes, Capt. William W. Smyth, Lieutenant Commander and Mrs. Harold Train, Lieutenant Commander Holloway H. Frost, Mr. Dulles, Mr. Gordon and Mr. Dulbear. The British guests included Walter C. Bridgeman, first lord of the British admiralty and Dame Caroline Bridgeman, Lord and Lady Robert Cecil, Admiral Jellicoe, Sir James Part, Vice Admiral Sir Frederick Field, Sir Joseph Cook, Dr. and Mrs. Riddell, Mr. and Mrs. MacWhite, Admiral Aubrey Smith, Admiral Beal, and Admiral Plummer.

The Japanese delegation was represented by Admiral Saito, first delegate; Mrs. Saito, Viscount Ishii, Mr. and Mrs. Saito, Mrs. Saburi, and numerous others. The French observer, Count de Clausel; the Italian observer, Prince Ruspoli, and Sir Eric Drummond, secretary general of the league of nations, and Lady Drummond were also present.

SENATOR INSISTS ON THE 5-5-3 RATIO AT NAVAL PARLEY

Washington, D. C., June 24.—(Special.)—In an appeal for the maintenance of a United States navy second to no other power, Senator Edward I. Edwards (Dem., N. J.) today declared that the present American sea strength should not be weakened at Geneva unless the other two contracting powers are willing to conform to the 5-5-3 ratio established at the Washington conference.

Senator Edwards charged that England and Japan have not abided by the Washington agreement, and said it would be folly for the United States to sacrifice her naval position on the bald assurance of powers "who promise one thing and do another."

FRENCH PAPERS PRAISE GERMAN, SLAM POINCARÉ

(Chicago Tribune Press Service.)
PARIS, June 24.—Foreign Minister Gustav Stresemann's speech has awakened a more sympathetic and favorable echo from France than any statement made by any German leader since the war. Several Paris newspapers attack Premier Raymond Poincaré for his hardness with Germany and praise Dr. Stresemann's views.

\$50,000,000 AIR LINE ORGANIZING FOR LINDBERGH

Colonel in New York to Confer with Bankers.

(Picture on back page.)
New York, June 24.—[Special.]—Just a week after he left Mitchell for his triumphant reception at St. Louis, Col. Charles A. Lindbergh returned at 6:30 p. m. tonight from Washington at the head of a squadron of three army pursuit planes, followed by Assistant Secretary of War F. Trubee Davidson, in charge of aviation, who arrived in an army Fokker transport.

Col. Lindbergh was transferred at once to the automobile of Secretary Davidson, in which Mrs. Davidson was seated. He was accompanied by E. MacNider, assistant secretary of war, and Mrs. MacNider, who were passengers in the Fokker, also entered the car and the party was driven to the Davidson home at Locust Valley, L. I., where Col. Lindbergh will spend the week-end.

Piled with Questions.
When he sprang out of the plane he was pelted with questions about his plans, most of which he disregarded. He refused to discuss his business plans, although early in the day at Washington he said he planned to participate with the National Air Transport company in the establishment of a national passenger carrying air service.

When Lindbergh landed the crowd surged to the front for a moment and a young well dressed snapper grasped Col. Lindbergh's arm.

"Won't you please shake hands with me," she pleaded.

The flyer turned his back on her, remarking something which sounded like "No shaking hands." While in New York, Lindbergh is expected to confer with Wall Street financiers regarding proper support for a national air passenger service. While he has indicated that he expects to cooperate with his St. Louis backers in the National Air Transport company, he will be offered the presidency of a \$50,000,000 corporation which Charles V. Bob of 120 Broadway has announced he is forming.

Makes Beacon Lights.
Mr. Bob said he was a manufacturer of beacon lights such as are used at the airports and that the company he was organizing was an "amalgamation of the largest of the 47 manufacturers of airplanes" and motors and accessories manufacturers. He said a score of private bankers and business men were interested in the project with him, that the incorporation papers would be filed within a fortnight and that airplane service would be inaugurated within ninety days.

Mr. Bob said the leading airplane designers had agreed to come into the company, which planned to operate air routes as European lines are operated between New York and Chicago, Montreal, Kansas City, Bermuda, and possibly San Francisco. He also said the company would buy and build its own airports in each of these places.

Flyer Feted in Prague.
PRAGUE, Czechoslovakia, June 24.—[AP.]—Charles D. Chamberlain and Charles A. Levine were received today by President Masaryk of Czechoslovakia.

This store will be open all day today, but will close at 1 P. M. Saturdays during July and August

ARMY'S HAWAIIAN FLIGHT IS APPROVED BY SECRETARY DAVIS

Washington, D. C., June 24.—[Special.]—Authorization for the proposed nonstop flight from San Francisco to Hawaii by officers of the army air corps was granted by Secretary of War Davis today. It is expected that the 2,407 mile flight will be attempted early in July.

Lieut. Lester J. Maitland and Albert F. Hegenberger, the pilots, are now in California, preparing for the trip. The flight will be attempted in a huge three engine army transport plane, specially fitted with large wings and extra gasoline tanks. The plane is a Fokker model similar to Commander Byrd's America.

Secretary Davis sanctioned the flight after learning that the plane has successfully passed searching tests. Maj. Gen. Mason M. Patrick, chief of the army air corps, left for San Francisco yesterday afternoon, and immediately after his inspection the plane will be ready to take off as soon as weather conditions permit.

At the Hradachin, Prague's ancient seat of government.

The reception followed a round of welcoming functions in the morning in honor of the flyers, who reached this capital late yesterday from Vienna. Tomorrow morning Messrs. Chamberlain and Levine intend to make a hop to Pilsen; later they go to Marienbad and Carlsbad. They plan to fly to Warsaw on Sunday and to leave the Polish capital by air for Paris on Monday. During the flight to Paris they may make a short stop in Switzerland.

ILLINOIS FAMILY OF 3 DIES WHEN TRAIN HITS AUTO

Shoals, Ind., June 24.—[AP.]—Mr. and Mrs. David Eggleston, each 70 years old, and their daughter, Georgia Eggleston, 30, of Robinson, Ill., were killed one mile east of Huron, Ind., today when their automobile was struck by a Baltimore and Ohio passenger train. The victims were identified by letters in Mr. Eggleston's pockets. The family was believed to have been en route to Louisville to visit relatives. The engineer said the younger woman was driving the car and that apparently she did not see or hear the approaching train. The crossing where the accident occurred has a steep elevation. Several accidents have occurred there.

STORM BLOCKS TRAIL TO PARIS; DELAYS FLIGHT

Crowd Waits in Vain to See Byrd Off.

New York, June 25.—[Saturday.]—[Special.]—The flight of the America, Commander Richard E. Byrd's big transatlantic plane, was postponed for another 24 hours at midnight last night. A storm which is raging off Newfoundland and bad weather between Long Island and Newfoundland interposed a barrier which it would be too dangerous to attempt to force.

After consulting with Dr. James H. Kimball of the weather bureau, shortly before midnight, Commander Byrd said he could not take off this morning and that it was possible the start might be delayed at least another day, and possibly until Monday morning.

Hunts for Opening.
There is a fast moving low pressure area from the west which will strike Newfoundland soon and get mixed up with the bad weather already there. If there is a possibility of finding an opening through these bad areas, Commander Byrd will take off, but that seemed very unlikely last night.

The weather from about half way across the Atlantic is fair, and there is a favorable condition off the Irish coast.

The crowd at the field grew rapidly toward midnight and the line of cars extended more than half the length of the runway, although kept back for several hundred yards by police lines. The disappointment of the night before seemed only to have whetted the desire of the crowd to see the takeoff, for there were more spectators clustered around the hangar than on any night since it seemed probable that the plane might get away.

Spent Day in Rest.

The America was held poised for flight at the top of the incline, waiting for the rest of her load. She can be made ready in a short time, as three-fourths of the necessary fuel is aboard and fresh food supplies can be obtained any time the start is ordered.

Commander Byrd and the members of the crew spent a day comparatively rest after the strenuous activity of the day before, when it seemed probable that the ship would get away. Commander Byrd went to the field early and got into communication with the weather bureau, from which he received more unfavorable reports.

The other members of the expedition—Lieut. Noville, flight engineer; Bert Acosta, pilot, and Lieut. Balchen—conferred with Byrd and made another inspection of the runway to see if the rain of the previous night had softened it to any dangerous extent. Then they went over the plane with the commander.

WOMAN FLYER CLAIMS ALTITUDE RECORD; AIDED BY MAN PILOT

Roosevelt Field, L. I., June 24.—[AP.]—Mrs. Lulu Phillips, Russian-American aviatrice, today took eight newspapermen with her and set out to see how high a woman could go in the air.

After almost an hour in that element, chatting genially with the press, the madame landed, claiming the unofficial altitude record of the world for a woman.

Although she carried no barograph, the last word and standard gauge on such matters, the altimeter showed 11,000 feet.

Lieut. W. L. Stultz took the plane off the ground, handing Mme. Phillips the controls when safely up, and Lieut. Stultz brought the plane to earth.

Drank to Please His Friends, She Gets Divorce

Mrs. Anna C. Cox, who contested a charge of drunkenness with the declaration that she drank only to be sociable with her husband's friends, won her point yesterday before a jury in Circuit Judge George Fred Rush, and was granted a decree of separate maintenance. A bill for divorce brought by her husband, Edward L. Cox, wealthy real estate dealer, of 1952 Catalpa avenue, was dismissed. She was his fifth wife.

FONCK'S BACKER IN PARIS FLIGHT IS MRS. R. DODGE

New York, June 24.—[Special.]—The sole backer of Capt. Rene Fonck's proposed flight to Paris is a woman. She is Mrs. Robert Dodge of Mill Neck, L. I., it was learned today.

Mrs. Dodge is the owner and president of the Harriet Hubbard Ayer company, manufacturers of cosmetics. It is she who is paying the \$75,000 or \$80,000 for the Sikorsky plane which Capt. Fonck will fly. She is responsible for organizing and incorporating the America and Overseas Aeronautical corporation.

According to Mrs. Dodge, the probable date of the takeoff to Paris will be Sept. 1 to 15.

Before the flight to Paris Fonck will make a nonstop test flight with ten passengers to San Francisco from New York. It is scheduled for Aug. 15.

N. U. Couple Graduate, Become Parents Same Day

(Picture on back page.)
Last Monday was a double red letter day for Mr. and Mrs. F. Stevens of Evanston. Their daughter, Gloria Joan, was born, and they graduated from Northwestern university. Mr. Stevens received a certificate from the school on the McKinlock campus. He was elected to the Kappa Alpha Lambda, advertising fraternity. The same day his wife received her diploma and B. S. degree from the Evanston school.

Women's hand embroidered linen handkerchiefs, white embroidered in colors, also crepe de chine and novelty printed silks; 25c values.

Main Floor, State Street.

CITY CONSCIENCE STUNG TO ACTION BY MOSQUITOES

Interest in Abatement War Is Awakened.

"This city's mosquito conscience seems to be stirring uneasily in its sleep. It shows signs of being stung and irritated into complete wakefulness. When it becomes fully alive the mosquito menace will have been defeated. That is the history of successful mosquito abatement campaigns. You may have at work all the official units in the area, and even military control with spotter planes, but it avails not so much unless the units of population spring into action."

Dr. Franklin Martin, president of Gorgas Memorial Institute and a close friend of the late Gen. W. C. Gorgas, conqueror of the mosquito in Havana and Panama areas, thus summed up the indications for the mosquito abatement measures in the Chicago metropolitan district.

Need Active Conscience.
"Our mosquito conscience has been dormant," he continued. "Unless we get this conscience active all engineering efforts will be far less effective than they otherwise might be. I believe the Tribune is doing a highly important work in this direction. The subject of a mosquito conscience is not life talk."

"In the Panama zone the mosquito conscience is intensely developed among all classes, from high grandees to lowly muchacho. The discovery of a mosquito at Balboa causes great excitement. The discovery is followed up and the source destroyed amid great public acclaim."

Works Day and Night.
"It required some heroic measures to arouse that conscience, and to do it in a hurry in the areas under military control it may have been necessary to awaken it with a club or a barrel. Nevertheless when it was once alive it has continued to work day and night."

"In the Chicago area the public's mosquito conscience will have to be aroused by a slower, though possibly more enduring method—namely: education. I think we are justified in an abiding belief that when all our people thoroughly understand the menace of mosquitoes and the simplicity of the measures to abate them there will be universal cooperation and success."

Dr. Martin pointed out that during the last two years much has been done toward mosquito control in this area, but admitted that lack of coordination and interest by the whole public constituted a drawback.

The study of the mosquito, its life and habits, Dr. Martin thinks, is quite fascinating, and from any value that travelers concerning it offers.

Questions Asked.
"How many people know that only the female mosquito bites? Or that the reason she bites is because she needs blood to mature her eggs so that she may reproduce?" he asked. "Can the ordinarily informed tell you that what makes the irritating 'sting' of a mosquito is caused by this female discharging into the blood an irritating fluid that will

INTEREST IS SPREADING IN CAMPAIGN TO RID REGION OF MOSQUITOES

Spread of interest in the campaign for the eradication of mosquitoes is indicated by increasing number of communications from all parts of the area.

Byron H. Jilison writes: "The Beverly Improvement association is joining in a campaign to rid that district of mosquitoes. As chairman of the sanitation committee we are seeking full details on methods as recommended by the Gorgas Institute."

John Wright, vice president of East Auburn Park Improvement association, writes: "I wish to call your attention to the mosquito condition in Lake Winnebago at the center of Auburn Park. We have never suffered from the mosquito plague until this season. The condition now exists because of the impure character of the water drained into the lake."

C. J. Hillis writes: "The various lagoons in the parks are prolific breeding places for mosquitoes, as there are quiet surfaces of water along the shores. Life is miserable for those who attempt to enjoy the evenings in the parks."

R. S. Platt reports: "A marsh in the heart of Morgan Park, not visible from the street, maintains water surfaces continuously at this season. Hordes of mosquitoes inhabit the area."

These and numerous other communications will be given attention by Gorgas Memorial Institute.

thin out or 'cut' the blood sufficiently for her to draw it into her body through the minute proboscis with which she is equipped?"

"The discomfort and irritation caused by the mosquitoes themselves will probably serve to help awaken the conscience of which I have spoken."

The Rain King Beats the Weather Man's Guess!

Throws Every Known Stream—and Throws It Farther

1. Brings Spray for Lawn or Garden.
2. Cuts Grass (stationary position) without need for walking long strip.

When you want to water a wide, dry area, the adjustable Rain King Sprinkler will throw a drenching downpour. But when you only want a shower, you can cut down its double stream to a gentle spray or rainbow mist. This saves water and the roots of young grass. And it saves water, also.

Simple set wheel and nozzle adjustments give you quick control of any distance, direction and volume—whirling or stationary.

Brass nozzles, bronze bearings—runs as smooth as a fly-wheel, lasts for life, does sprinkling in 50% less time. Step into your dealer's and see it today.

BATTLE IN RANKS OF FELONS ENDS MUTINY IN MINE

Hungry Kansas Convicts Come Out of Shaft.

Lansing, Kas., June 24.—(AP)—A short, fierce battle within the ranks of the 328 convict mutineers in the state penitentiary coal mine resulted in victory today for the forces favoring surrender and ended the uprising.

In the battle about 270 men, driven by fear and hunger after seventy-seven hours of self-imposed incarceration 120 feet below ground, allied themselves against the strike leaders and overpowered them.

Promises to Consider Demands.
Shortly before the men announced their willingness to come to the top, Charles S. Hickox, chairman of the state board of administration, had assured a spokesman for the convicts that their demands would be considered "fairly and impartially."

The convicts had demanded more consideration for parole applications and greater privileges under the prison rules.

As the men were brought to the mine head, twelve at a time, each group was met by Warden W. H. Mackey, who said:

"You men go to the laundry and take a bath, and change clothes. Super will be ready for you just as soon as possible."

Continue Fight Above Ground.
Several of the mutineers were carried from the mine hoist. Some were

sick, others showed evidence of the underground fight. One convict hurled a brick at another as they reached the surface. The man hit was knocked unconscious.

Fourteen prison guards were overpowered and imprisoned in the electric shop of the mine by the 328 miners when the mutiny was started Tuesday morning. Several of the guards were sick when they were brought to the surface.

"We have had nothing to eat since Tuesday morning," Charles Nicholson, one guard, told the warden.

Cleveland's Rich Bachelor Dies; Only Dime in Pocket

New York, June 24.—(AP)—Wilson B. Hickox, 45, Cleveland, O., known a few years ago as that city's "richest bachelor" died suddenly last night in his room at the Hotel Roosevelt. Only ten cents, a gold watch and a passport were found in his clothing, although he was said to own considerable real estate. He registered at the hotel on June 18. He was taken ill Wednesday.

SITE FOR MODEL NEGRO TENEMENT HOUSE SELECTED

The first of the new model tenements proposed by the Metropolitan Housing association will be built on the block bounded by Dearborn, Federal, 29th and 30th streets.

Modern, sanitary buildings, surrounding parks and recreation spaces will be built for the Negroes in districts which now are slums, according to an announcement issued by the association.

The venture is not one of charity, but will be at least self-supporting, and the first building is expected to demonstrate the success of the plan, and to pave the way for building similar tenements over greatly extended areas on the south side.

Officers of the Metropolitan Housing association which will finance the first building by issuing first mortgage bonds and second mortgage certificates for a total investment of \$1,000,000, are the following:

Elmer Rich, president of the Illinois company, is president; Charles W. Stenger, president of the Stenger Motor Devices company, is vice president; Nathan William MacChesney is treasurer, and Wilbur D. Nesbitt is secretary. The directors are George Lytton of Henry Lytton & Sons; James J. Davis, United States secretary of labor; and Victor Keane, president of the American Banknote company.

N. Max Dunning, the architect who designed the Furniture Mart, is working on plans for the first unit.

Will Reclaim Property.
"Our architectural and landscape plans are based upon the idea of reclaiming a large area of what is now undesirable property," said Mr. Dunning, "and doing this in such a manner as to provide inviting residential

quarters for Negro occupancy. We will provide a large central court, or park, running the entire length of the block, with landscaped recesses, which will be landscaped and will also provide proper recreational facilities. Each apartment will have four rooms of comfortable size, and all of them will be modern in equipment."

Construction is planned to begin in the fall.

Vanderbilt Baby to Pay \$24,018 a Year Insurance

New York, June 24.—(Special).—George W. Wickesham, as general guardian of the estate of 3 year old Gloria Laura Morgan Vanderbilt, got permission from the appellate division of the Supreme court today to draw \$24,018 in the year 1927 from the \$105,000 a year income of the infant's estate to pay the initial premiums on five twenty year policies on the life of the mother, aggregating \$500,000.

CLEAN OUT SAFE; LOOT \$5,000.
Crackmen cleaned out the contents of a safe in the office of William A. Par, jeweler at 130 North State street, early yesterday. The loot was estimated at \$5,000.

TAYLOR WHIPS CANZONERI IN 10 ROUNDS

HARVARD CREW THROWS YALE 4 MILE RACE

Crimson's 1st Victory in Six Years.

New London, Conn., June 24.—(Special.)—A stern chase that has lasted all day long ended on the blue of the Thames river late this afternoon when a Harvard crew caught the elusive Yale ghost that has led them since last year's regatta.

Yale's victory in the 4 mile race was the first since 1921. The Harvard crew, which had been struggling to win for six years, finally broke through the Yale barrier.

The race was a close one, with Yale leading for most of the distance. However, Harvard's crew showed more endurance and strategy in the final stretch.

The victory was a significant one for Harvard, as it marked their first win in the 4 mile race in over six years.

The race was held in front of a large crowd of spectators, who were cheering for both teams.

The Harvard crew's victory was a testament to their hard work and determination throughout the season.

The race was a thrilling event, with both crews giving their all to win.

The victory was a morale booster for the Harvard crew and their supporters.

The race was a highlight of the regatta, and it will be remembered for years to come.

The Harvard crew's victory was a well-deserved one, and it shows their growth as a team.

The race was a testament to the spirit of competition and teamwork.

GO AHEAD CHESTER—ROLL YOUR HOOP—USE YOUR LEGS—RUN WHILE YOU CAN—IF YOU GET IN MY FIX YOU'LL APPRECIATE THOSE TWO GOOD LEGS—WHEN YOU GROW UP I'M GOING TO TRAIN YOU TO BE A MAIL CARRIER—

LOOK AT THAT FELLOW—HE'S BEEN SITTING ON THOSE STEPS FOR 30 MINUTES AND HE HAS TWO LEGS—IF HE HAD ONE CUT OFF HE'D WANT TO GO SOME PLACE—NOW THERE'S LACK OF APPRECIATION—I'D LIKE TO GRAB HIM BY THE COLLAR—MAKE HIM GET UP AND WALK—RUN—HOP—SKIP—JUMP—DANCE—

AS SOON AS MY LEG GETS WELL—I'M GOING TO START ON A HIKE FROM COAST TO COAST AND IF THE OCEAN FREEZES OVER I'LL WALK AROUND THE WORLD—AND THE ONLY PETS I'M GOING TO HAVE AROUND THE PLACE WILL BE CENTIPEDES—

Cubs Tounce Pirates, 4-2; Faber Falts Before Tigers

BY EDWARD BURNS.
Atoka Ted Blankenship this afternoon will lay aside his pink pill for pale people, his battery of therapeutic lamps, and his wintergreen liniment, for upon him will devolve the herculean task of halting one of the things that have been happening to the fading Sox.

Need of his services now is acute, for yesterday was just another mile post in the south slumps decline, though it looked a bit more like a tombstone because the Tigers slapped out 16 hits for 26 bases to produce a 9 to 4 victory.

Rip Collins, Morality right hander of only fair reputation, was the presiding genius. Although he granted nine hits, he was there in pinches during the early stages when it looked as though he might be in a ball game.

In addition to his pitching Rip socked a double with bases full in the second inning, a single in the sixth in the blast which blew Rip Faber out of the game, and a triple with one on in the seventh. In one of his offed two offensive appearances he drew a pass to all the bases.

Tigers Break Loose.
Tavener with four hits, one a double, and Gehring with three, including a triple and a double, view with the Tiger pitcher for slugging honors.

Faber got through the first one and two-thirds innings without being harassed, but Lue Blue, candidate for the third out in the second inning, spotted him. So did Tavener. At this point Faber is sometimes called "straw" because he is so easily run over.

Basler was walked to give Faber a chance at Collins. But the strategy went wrong, for Rip countered the insult with a two base drive which scored Blue and Tavener.

The Sox made the score Detroit, 2; Chicago, 1, in their half of the same inning when McCurdy started with a single. Talk walked, Clancy sacrificed and Mac ran in on Kamm's infield out.

In the second the Tigers added one through Gehring's double, a sacrifice fly and an infield out. In their half the Sox tied the score in the fourth when Clancy singled, went to second on a wild pitch, to third on Kamm's punt and counted on Faber's second hit.

The Tigers pulled away in the next inning. Gehring led with a triple and after one out Pot Fothergill, who otherwise spent his energies jumping into first spikes foremost, hit, scoring Gehring. The single got past Falk for a two base error but Pot never got in from third.

The Tigers broke loose in the sixth, making three runs on two doubles and three singles. During the inning Wardner stole second while Faber was holding the ball, and Banush did the same thing while Barnabe, who had just succeeded Red, posed in the center of the diamond.

One run was put on the Detroit total in the seventh and again in the eighth. In their eighth the Sox got their last run when Falk pitched and came in on Clancy's sacrifice fly.

SARATOGA LAKE GIVES DEMPSEY BIRTHDAY PARTY

New York Likely to Get Title Bout.

At 32 and 31

JACK DEMPSEY'S physique is practically the same as when he lost his title to Gene Tunney. He is a bit heavier, the most notable difference being around the waist and chest.

Today Tunney Fight.

Saratoga Lake, N. Y., June 24.—(Special.)—Jack Dempsey was welcomed to his old training quarters here this evening by friends and admirers who acted as hosts to Jack and his wife at a birthday celebration.

Dempsey was 32 years old today. A large birthday cake stood on a table decorated with flowers and streamers.

Jack Dempsey.
was Miss Margaret Luther, daughter of Tom Luther, the host. The party included Mrs. Luther, Gus Wilson, Dempsey's manager, and Jerry Luvadis, his trainer, and several newspaper men.

All Fun Ceases After Party.
"Thus," said Jack, at the close of the dinner, "does all fun cease. From now on the battle with Sharkey and Tunney."

The former champion plans to commence active work Monday morning with a workout along the road and in the ring. For the first time in his career he will begin his training program with ring work.

Mrs. Dempsey expects to remain with her husband only over the weekend and then return to Hollywood.

THE TITLE BOUT IN N. Y.
New York, June 24.—(Special.)—Strong indication amounting almost to official confirmation that Tex Rickard would stage the heavyweight championship boxing bout of September in New York was seen today when the boxing commission sanctioned a top prize of \$27,500 for the Dempsey-Sharkey bout at the Yankee stadium July 21.

The commission gave Mr. Rickard permission to charge \$27.50 for ring-side seats at the Dempsey-Sharkey bout on the condition that he would use the same scale of prices for the championship bout between the winner and Tunney in September, said Chairman James A. Farley.

That the champion fight will take place here? Farley was asked. "We expect it to be held here," was the reply.

TAYLOR SLIPS A PUNCH

Bud Taylor, the world's bantamweight champion, outboxed Tony Canzoneri in their title bout at Wrigley field last night and won the decision after ten hard rounds.

Canzoneri's best blows were his left handed punches, but time after time Taylor (at left) managed to put up his right glove and check the New Yorker's blow. Referee Joe Chynowski is behind the boxers.

At the first tap of the bell, Taylor and Canzoneri lost no time in mixing. Tony immediately started to do a lot of execution with his left hand, which he used to jab and hook. A series of acts to Bud's nose started the blood to flow.

Near the close of the round Taylor turned loose a right which landed flush on Tony's mouth bringing the blood from the Italian's lip. There was plenty of lightheaded and trading punches at close quarters. Honors were even at the end of the round.

Taylor had a slight edge in the second stanza and near the end of the session Bud rocked his opponent with a right hook and they traded punches to the body and head. Both tried desperately for a knockout.

Canzoneri won the third round by solid punching. The Italian's blows reached their intended marks and at times Bud made no effort to fight back. The fourth round was even and Canzoneri took the fifth round by forcing the issue. He carried the fight to Taylor and forced the champion against the ropes on several occasions.

In the seventh round Tony started to tire. He retreated, dancing around the ring with Taylor chasing. The Italian, however, fought back strong enough to get a draw in the round.

Taylor had all the best of the miffing in the eighth and ninth rounds. In fact, it was his margins in these rounds which gave him the decision. Both were tired in the tenth, but each tried with all his energy to put over a punch which would terminate the deal battle.

Mastero Beside Limboco.
Ignacio Fernandez, the Filipino bantamweight, stopped Abe Attel, champion of New York in the seventh round of the ten round semi-final. Goldstein, a former world's bantamweight champion, was sent to the canvas with a right hook near the close of the sixth round. He took the count of nine and was in a bad way when he went to his corner. Early in the seventh round, another right sent Abe to the floor and his seconds tossed a towel into the ring.

Earl Mastro, local bantamweight, won the judges' decision over Trip Limbaco, the Filipino, in the round opener. Ernie Peters of Chicago and Tommy Milton of New York went six slashing rounds to a draw in the second prelim.

In the other preliminary Tommy Grogan of Omaha won the judges' decision from Don Davis of Chicago. Grogan was the aggressor in the majority of rounds.

The show attracted about 18,000 fans to the north side baseball park and the gate was estimated between \$65,000 and \$75,000.

Phillips, Lane Play for City Title Today

The Lineup

LANE		PHILLIPS

McMann, 3b	Carry, 1b	Jones, p	Carry, 1b
McMann, 3b	Carry, 1b	Jones, p	Carry, 1b

The baseball championship of the Chicago High School league will be at stake this afternoon when Wendell Phillips and Lane clash in the final game of the season at Wrigley field.

Lane is competing in the championship for the third successive season while the Phillips team, composed of colored boys, is a newcomer to title competition in the prep league.

The game was scheduled for last Tuesday at Wrigley field but was postponed because of threatening weather. Bands from both schools will play between innings and the rooting sections have been massed for their cheering.

Jones to Pitch for Phillips.
Phillips has its pitching ace, Hansel Jones, a tall slim right hander, ready for mound duty. Jones hasn't been beaten in league competition this season and the south side boys are counting on him to stop the Techs. Phillips has a team of hard hitters, too, and several of their games have been won by late rallies.

Lane has two pitchers ready for duty. Orville Jorgensen and Morris Pomeroy are anxious to take the slab, but Coach Moore probably will start the former. Lane also has a heavy hitting team and the squad is well balanced. Capt. Ed Groves, a husky youngster who plays shortstop with great dexterity that a couple of major league teams have made offers for his services, is considered the team's outstanding player.

League Officials to Handle Game.
Games to the park will be opened at 1 o'clock and the game will be handled by officials of the Chicago High School league under the direction of Athletic Supervisor E. C. Delaporte.

Admission price \$5 for the final round grand stand and one dollar for box seats.

Several hundred seats were sold both by the Phillips and Lane student bodies for Tuesday's game and these tickets will be honored today.

JOHNNY FARRELL TAKES EASTERN OPEN GOLF TITLE

Delaware Water Gap, Pa., June 24.—(Special.)—Staging a whirlwind finish, Johnny Farrell, Quaker Ridge professional, shot a fine 69 in the final round today to win the Eastern Open golf championship. His total for the 72 holes was 287. Earlier in the week Farrell won the Shawnee open tournament from virtually the same group.

Abe Espinosa Breaks Record at Glen Acres

Abe Espinosa, professional at the Columbian Golf club, broke the course record at Glen Acres yesterday when he scored the eighties holes in 68. The old mark of 69 was held by Eddie Lane.

Crowe Fights Dog Tracks' Injunctions

State's Attorney Crowe's office continued work yesterday on answers to the petitions of dog track owners asking permanent injunctions against police interference.

Six tracks already have temporary injunctions. Several of them were obtained without opposition from the state's attorney's office. The dog tracks' attempt to obtain the permanent injunctions has spurred the state's attorney's office to action.

The dog tracks got temporary bills on the plea that their certificate form of wagering was not gambling. The horse tracks last year did the same thing. The turfmen no longer need injunctions. The new racing law makes operation of their tracks legal.

The state's attorney's office will contend that dog track wagering is gambling and hence illegal.

The first hearing on the fight for the permanent injunction is on Judge Friend's Circuit court calendar for Monday morning.

Sammy Mandell to Defend Title Against McGraw.
Detroit, Mich., June 24.—(U. P.)—Sammy Mandell will defend his lightweight championship at the University of Detroit stadium on July 15 against Phil McGraw. Floyd Fitzsimmons will promote the bout.

Mandell signed a contract today. He has not put his title at stake since he won it from Rocky Kansas in Chicago last July 3. In his last bout Steve Adams of Chicago, his opponent, fell dead in the ring.

CRANE'S PALE WINS NOSE IN VICTOR STAKES

Defeats Hy Schneider at Homewood Track.

BY FRENCH LANE.

Pandale, a Chicago 2-year-old, carried the orange and black silks of Val Crane's Wild Rose stable, to a brilliant triumph in the Victor stakes, engaging an aristocratic band of a dozen juvenile males at Washington Park yesterday.

A fighting finish between the two jockeys, a ding-dong battle down the stretch that would test the heart of any thoroughbred, an ending so finely drawn that the winner was in doubt until the official numbers were displayed was the way this contest was staged. And when it was over, and Pandale had scored her eyelash victory over Hy Schneider, a star from Kentucky, the Chicago filly found herself resting on the topmost round of the western 2-year-old ladder.

Rolling Star Pays \$78.10 for \$2.

There was no fluke about the victory of Pandale, which had been lightly regarded in the betting and where Hy Schneider was backed into almost even money favoritism. She outran the best band of 2-year-olds that have faced the starter here and in a game last furlong challenge over Hy Schneider down inch by inch until he surrendered the lead in the last strides.

Pandale, at \$15.30 in the betting, was just one of many long shots that came marching home in front in a day of upsets starting with the first race, in which Rolling Star, a Nevada 2-year-old, won at the enormous odds of \$78.10 for each \$2 ticket.

The overthrow of choices reached another climax in the fifth race where Fannie J. stepped out and beat a band of platters at a mile and paid \$46 in the same \$2 mutuels. Later Pat Field stepped home in the last race at odds of 20 to 1.

The only favorite to get home was Princess Pan in the six furlong third race, which served as the secondary feature, and, after being made an odds on choice, she just did get up in time to head the long shot Reddy Fox.

Strike for Stride in Stretch.

After breaking back of Bill Henry, Hy Schneider went out in the Victor in a way to indicate that most of those in the audience of 6,000 had made no mistake when they turned their betting support to him. Jockey Charles Allen had rushed him to the front before they hit the first turn, but Pandale had moved up with him and Bill Henry and Matt Hunter were also nearby.

At the head of the stretch Hy Schneider was still showing the way but Pandale was gaining at every jump and collared him with nearly a furlong yet to go. Jockey Jones on Pandale went to the whip and fought it out the rest of the way with Hy Schneider, who was struggling just as hard to keep Hy Schneider in front. They finished a length in front of Matt Hunter. Pandale's time was within two-fifths of a second of the track record.

Princess Pan, which hails from the Keeneland stud in Kentucky, came from behind to win her race, after Reddy Fox and LaMorris had started out to make a dixie pace. But once Jockey Hebert got her to running in the stretch, she was easily the best, but had to put in her hardest ticks to hold Reddy Fox and Chaff safe in the final drive.

WASHINGTON PARK ENTRIES.

FIRST RACE—Purse \$1,500, claiming, 3 year olds and up. Time, 1:30.10. 1st, Pandale, 100; 2nd, Hy Schneider, 100; 3rd, Reddy Fox, 100; 4th, LaMorris, 100; 5th, Fannie J., 100; 6th, Pat Field, 100; 7th, Rolling Star, 100; 8th, Matt Hunter, 100; 9th, Bill Henry, 100; In the **WAKE** *of the* **NEWS**

EARLIER CHICAGO. FIFTY years ago people slept on slats or cord springs that were anything but comfortable. During the '90s a couple of young men named Whittier and Peters, who had a small factory on Clinton street, advertised "One-third of your life is spent in bed, why not be comfortable on one of our wondrous mattresses?"

They put the idea across and it is doubtful if there is a home in the United States that does not possess one or more. They were as much better factors to humanity as such. Whitney, Edison, Gillette, and others. Why not give them credit? C. H. M.

In the '90s milkmen sold tickets in advance. East of State street they gave fifteen quarts for a dollar and west of State sixteen quarts for a dollar. The milk was carried in a quart can, similar to a tea kettle, with a spout on which a two quart measure hung.

The milkman called twice a day, rapped on the door, we presented a bowl, jug, or whatever was handy and a quart of milk was poured. Thanksgiving and when there was entertaining, they threw in a pint of double cream without charge.

The Halsted Street Opera house was located near Harrison street. Between W. K. Wallace and Clara Wildman played "The Two Orphans" and "East Lynne." Girls and boys used to stand around after the shows to talk to Mrs. Wildman and Mr. Wallace and then would tell their friends about it. At the next matinee their friends would be there to repeat the experience.

Hannah Simon.

Suspicious of GOLF.

Dear Harve: A friend thinks big league golf is "crooked." Following Bob McDonald and Mike Brady in a southern tourney, on the second hole, 300 yards, the green was protected by a tree. The golfer who drove the ball getting his proverbial hook and landing in the left bunker. McDonald pushed his tee shot slightly, which put him in the right

bunker. Both had hanging lies and botched niblicks. Brady skied his ball which, coming down with lots of backspin, was so close to the hole he was kick-away. Bob made an almost identical shot, leaving a 3 foot putt which he made. Two birdies! Whereupon my friend turned to me with a "sneer" of pitying sarcasm, remarking, "Wrestling nothing on these boys." Oliver Darr.

This Wake Is Conducted By
Harvey T. Woodruff. Help! Help!

He Did Xist Dirt.

Dear Wake: What would you say in fact was with the new father-in-law after receiving a piece of Florida real estate as a wedding present? M. E. S.

Here's Another Solution.

Dear Harvey T.: What does the "x" in your name stand for? Why, it stands for a whole lot. Otherwise, how would some of us poor citizens make The Wake? M. E. S.

Do You Remember Way Back When

A large sea shell was kept on the whiznot and we could hear the ocean roar by holding it to our ear!—Glas Deerdief, Ill.

Trapshooters Aim Guns at 3 Titles Today

BY BOB BECKER.

Trapsports from all over the United States are taking part in the third annual Great Western Handicap, a 100-mile race, today, located on the lake shore in Lincoln park. The club's new two story clubhouse and 12 permanent traps [throwing targets] against a new 100 yd trap will aid at the service of the visitors.

This morning at 9:30 the Great Western singles 16 yard championship will begin. The 100 yd trap will be thrown to decide the winner. The Great Western ladies' championship and the Great Western championship for boys under 18 also are scheduled for today.

Tomorrow the international all around championship [and the Great Western] will be held in case of a tie. Both of the big events of the day. Both will be well worth watching.

Bud Taylor Defeats Canzoneri and Holds Bantamweight Title—Policewoman Shoots Annoyer of Women

CROWD OF 15,000 SEES BATTLE FOR BANTAMWEIGHT TITLE STAGED AT CUBS' BALL PARK. The picture shows Tony Canzoneri, the New York challenger, with his back to the ropes, in the fifth round, while Bud Taylor of Terre Haute, Ind., the title holder, is about to lead. Referee Joe Choyinski is watching the fighters closely. (Story on page 15.)

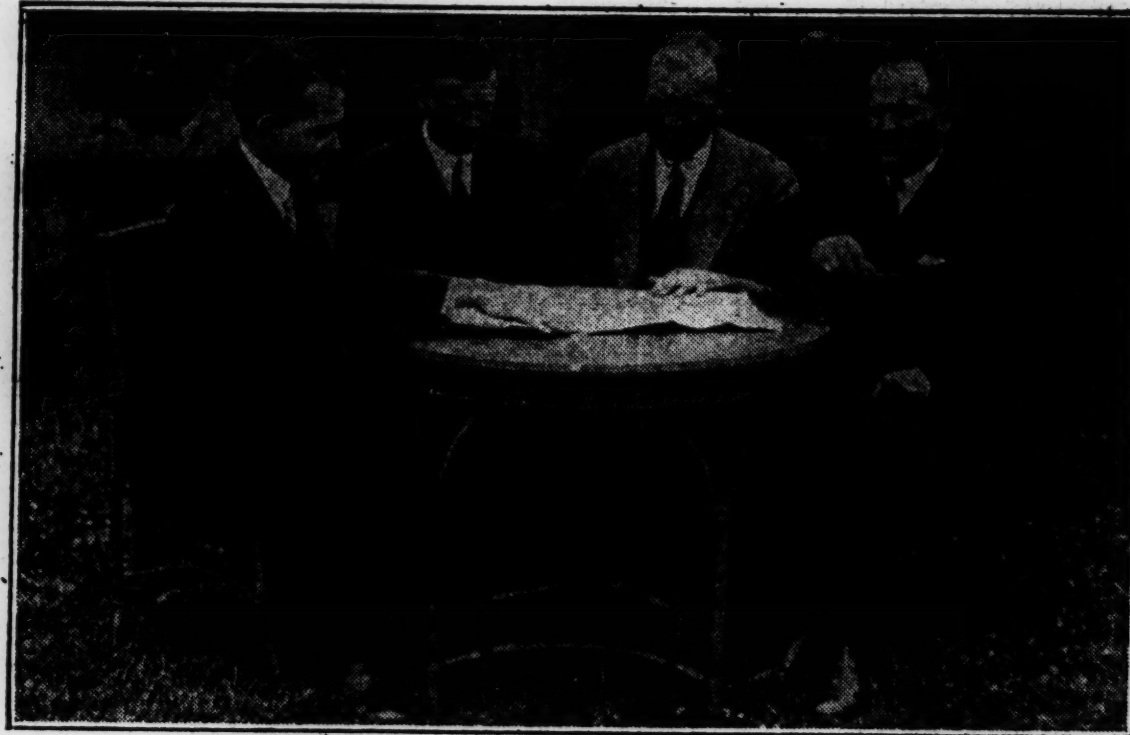

CAPTURES PROWLER. Mrs. Walter A. Deasey, 7750 Chappel avenue, aided by workmen.

POLICEWOMAN SHOOT MORON WHO TRIES TO FLEE. South Park Policeman Thomas Stanton (left) and South Park Policewoman Kathleen Casey, who wounded man in McKinley park. (Story on page 3.)

BREAKING A CLINCH IN THE EIGHTH ROUND. Left to right: Tony Canzoneri, Referee Joe Choyinski, and Bud Taylor, who retained his bantamweight title. (Story on page 15.)

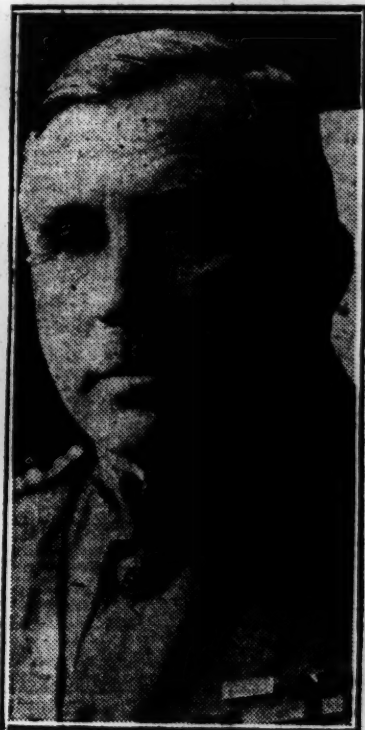

ATLANTIC FLYER CONFERS WITH FEDERAL GOVERNMENT OFFICIALS. Left to right: Edward P. Warner, air secretary of the navy; Col. Charles A. Lindbergh, William P. McCracken, air secretary of war department; F. Trubee Davison, air secretary of commerce department. (Story on page 5.)

CHRISTENS SHIP. Mrs. B. F. Affleck, wife of cement company official, names freighter for him.

WAR SHOW OPENS AT SOLDIERS' FIELD WITH TROOPS OF ALL BRANCHES OF SERVICE PARTICIPATING. Troop C of the 14th United States cavalry charging with bared sabers. The cavalry furnished many of the special features of the evening's program, but every branch of the service was represented. (Story on page 14.)

TO STAY ON JOB. Maj. Gen. Leonard Wood promises President to stick in Philippines. (Story on page 1.)

WILL ATTEMPT 2,000 MILE PACIFIC FLIGHT. Left to right: Lieut. M. B. Connell, U. S. N., who accompanied Commander Rodgers, giving pointers to Lieuts. Lester J. Maitland and Albert Hegenberger, U. S. A., who will start from San Francisco to Honolulu. (Story on page 5.)

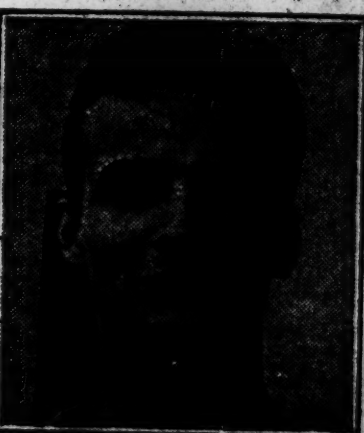

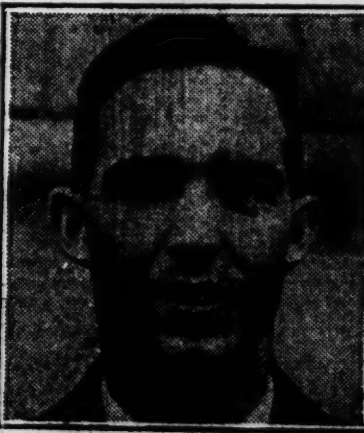

GRAD A MOTHER. Mrs. Byron F. Stevens, to whom child was born day of Northwestern commencement. (Story on page 6.)

OREGON BOY LEFT FRIENDLESS IN CHICAGO. Robert Evans, 9, who says he was abandoned by uncle with whom he came here from Dalton, Ore., at the detective house. (Story on page 1.)

AUSTRIA DECORATES CHICAGOANS WHO KEPT CHILDREN FROM STARVING. Left to right: Michael F. Gitten, Austrian consul; Mrs. David Lieberthal, Mrs. Marie Hillebrand, Dr. J. W. Kobalter, and Mrs. Charles S. Bacon, with crosses bestowed by republic.

HARVARD VICTOR. Above: Jack Watts, Morristown, N. J., stroke oar for winning eight. Below: Tommy Loughlin, Providence, R. I., who set pace for Yale. (Story on page 14.)

INDIAN POET'S NIECE VISITS TRIBUNE TOWER. Sushana Tagore of Calcutta looking over Chicago. (Story on page 12.)
